ECO -FRIENDLY! SOLARA IS THE GREENEST PATIO COVER ON EARTH:

- Made of maintenance free recyclable aluminum.
- Energy efficient – lowers cooling, heating and **lighting** costs
- Catches the natural **rain** water which can be stored or diverted to garden or lawn
- Protects your patio deck, furnishings, and appliances from the weather
- Our unique eco friendly cover also has a lifetime warranty

MOST ECONOMICAL ADJUSTABLE LOUVERED COVER SYSTEM. WE FIT ANY BUDGET!

Standard Roll-Formed:

Our durable roll-formed louver is the lightest weight cover on the market and has been installed on thousands of covers over the world. Not only is our roll-formed the most economically priced adjustable louvered patio cover on the market, it has been on the market for **20 years**, fitting an array of designs and shapes.

Heavy Duty Extruded:

Our extruded louvers have three times the thickness of our roll-formed and are the most competitively priced extruded louver on the market. Solara extruded louvers come standard with a UV resistant seal, specially designed to offer additional rain resistance and accommodate even heavier snow loads.

Solara Cedar Wood Grain Finish:

Look again! Yes, it's 100% aluminum with a real cedar wood grain finish.

Solara is the **only** Adjustable Louvered Patio Cover producer on the market which offers a cedar wood grain finish. Also available in our durable roll-formed or heavy duty louvers, including rafters, beams and posts!
